Push&Juice
Natural intuition

A new way to make juice,
at the push of a button.

Glasses
↑ 140 mm Maximum height

Light up the juice of the future

The design of its new exclusive, user-friendly tap serves juice perfectly.

Smooth flow and zenithal lighting for an improved juicing experience.

1Step Case Out
Remove the juicing unit
cleanly and comfortably.

Waste capacity
7 L / 12-14 oranges

Very quiet
<60dB
Respects the athmosphere
of your premises

— Ultra Compact

1 juice 10“

Optimising Juicing

It is simply amazing that so little space can offer such good capacity and speed.

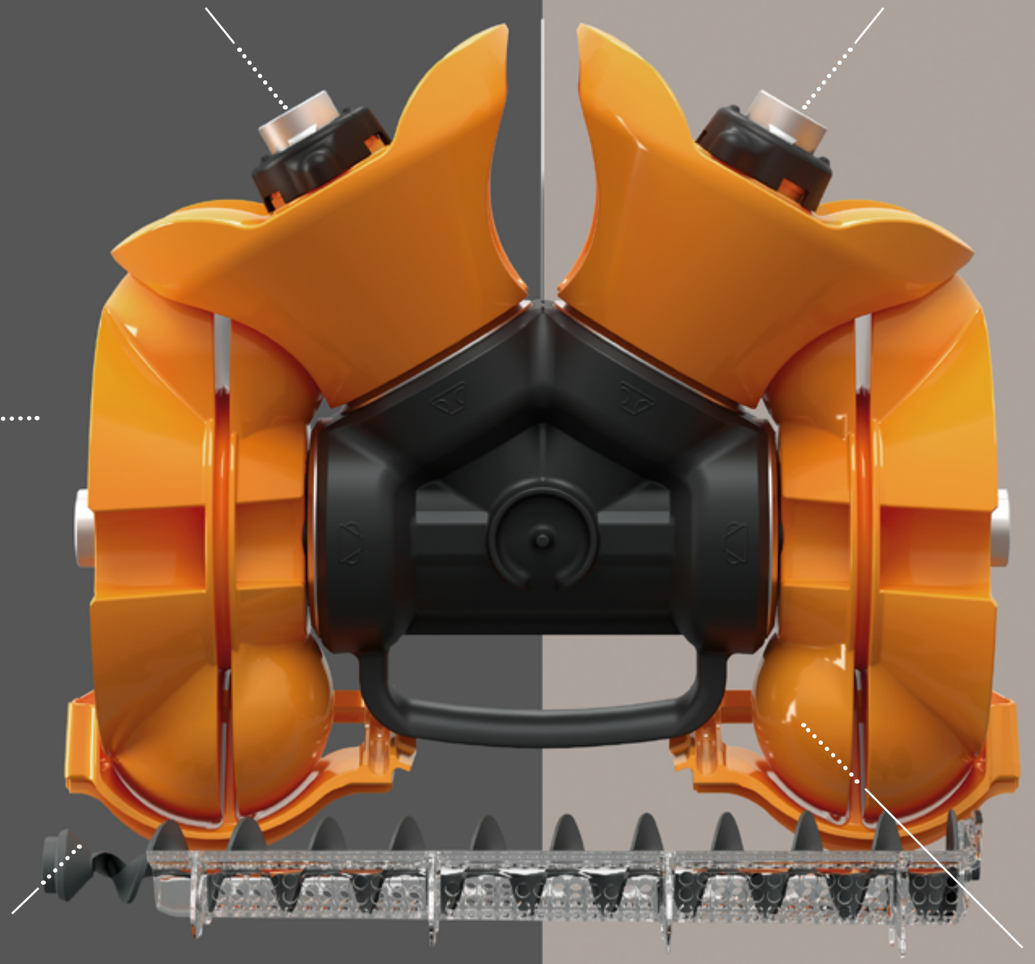
ASP®

Antibacterial nanotechnology

Maximum hygiene thanks to our technology based on silver ions that inhibits the growth of bacteria. Extra effective and long-lasting protection.

PulpOut System

Automatic sweeping filter to extract excess pulp and seeds. High level of autonomy. Accessible without removing the juicing unit.



Conical System® 18 fruits/minute

Innovation in full evolution. Our system has been designed to squeeze twice as fast.

Squeeze any citrus fruit using specific kits

- **ORANGES**
- **TANGERINES**
- **LIMES**
- **LEMONS**

Easy disassemble and cleaning

100% Diswasher Safe
*All parts in contact with the juice.
